		SUSD SUMMER SCHOOL STARTS				

Children's Book Week takes place from May 1 to 7 this year.

Teaching your children to immerse themselves in a good book is one of the most valuable things you can do as a parent. A childhood love of reading sets the stage for success as an adult. A child who loves reading will have an enquiring mind, a vivid imagination, and great problem-solving skills. Set some time aside to do some reading with your kids this week and inspire a lifelong love of the written word. The week was created by Every Child a Reader in 1919 and is the longest-running national literacy initiative in the country.

Apache County Library District Gale Courses offers a wide range of highly interactive courses that you can take entirely online. You can enroll in courses at no cost using your library card and access the courses from home, the library, or anywhere you have an Internet connection!

Visit the apachecountylibraries.com page, select **Electronic Resource** tab and scroll down to Gale Courses to get started.
